SHOULD YOU REPAIR OR REPLACE YOUR CHECK-SET® CALIBRATOR?

TEL-TRU® TEMPERATURE SOLUTIONS

Customer Focused Since 1916.

Stop Spending on Old Equipment - Invest in New Reliability

Use this quick guide to decide the smartest investment for your operation.

KEY QUESTIONS

- How old is your current unit?
- Is it well maintained and in good condition?
- Will it need repair soon?
- Is it due for recertification?
- Do you have multiple facilities needing units?
- Can you take advantage of volume pricing?

If your unit is over 3+ years old and due for service, or showing signs of wear and tear, upgrading often delivers better long-term value. Volume discounts can reduce the gap even further.

COST COMPARISON REPAIR PER UNIT

Repair Existing Unit	**$300**
Recertification	**$260**
Total Investment:	**$560**

- Keeps old unit in service
- No performance update
- Higher risk of future repairs

TRADE-IN NEW UNIT (AFTER 10% DISCOUNT)

Data Logger Bundle	**$1,935**
Data Logger	**$1,800**
Calibrator:	**$1,080**

DATA LOGGER ACCESSORIES:
